# A Little About Us

Greetings from the Johnson family! We are a homeschooling family with six children. We love educating our children at home and have been doing so for over 15 years. We have used various methods and curricula throughout the years, but have often found that a resource we wished for simply didn't exist. These holes in the homeschool marketplace are what led us to create some of the materials that you will find within the pages of this linked catalog.

We began our business - Knowledge Quest, Inc. - in 2001 with the desire to produce simple black and white maps that children could label and color while studying both world and American history. I can still remember that first map packet that we had copied at our local print shop :-). Our efforts eventually expanded into producing 10 foot wall timelines, a hardcover timeline book, a historical biography series along with some additional geography resources that would delight the whole family. This year marks our 12th year in business - time flies!

We have enjoyed working with other authors to bring you the very best resources possible in the fields of history and geography.

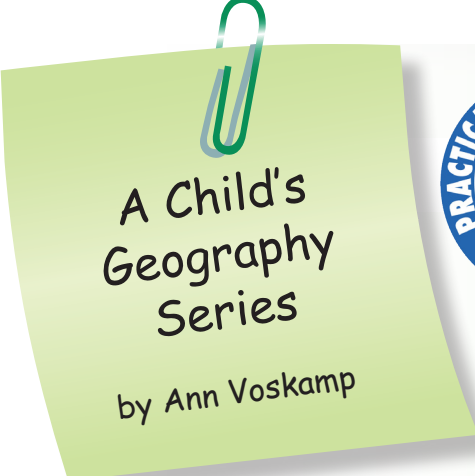

A few years ago, we began teaching classes to provide parents with the confidence and tools necessary to teach their kids at home. We call it Homeschooling ABCs. We now have a high school level class available that helps parents tackle those daunting years as well. And guess what? It's worth it!

And if that is not enough, throw in some mobile apps to make teaching history and geography even more fun and well, you've got... a new Knowledge Quest, ready and excited for what lies in store for homeschooling families in this brave new world. This is an exciting time to be homeschooling and we are pleased that the Lord is leading us to be of greater help in the lives of others with more and even better resources.

We hope that you enjoy perusing this catalog. Please feel free to send any comments or questions to us at [helpdesk@knowledgequestmaps.com](mailto:helpdesk@knowledgequestmaps.com). God bless!

# WORLD GEOGRAPHY

**A Child's Geography: Explore His Earth** is, in some ways, really like exploring and scouting out various routes before a grand trip! While scouting and surveying the grand scheme of things - the sciences of our Earth - our appetite is whetted for the real march out - the countries of this Earth. The anticipation builds as we learn about the workings and the ways of His Earth. Then, having gained our bearings in **Explore His Earth**, future volumes of "A Child's Geography" will follow the same traditional path of our chronological study of history, trekking through the countries of our world today. Includes CD-ROM with reproducible pages.

Iraq, Jordan, Israel, Saudi Arabia, Egypt, and Turkey... your family probably hears or reads about these names frequently. In an increasingly complex world, it is vitally important that children learn to see the world through their Creator's eyes. As we explore the Holy Land you and your family will delight in incredible, mysterious landscapes, hidden wonders and beautiful peoples - all created in God's image. We will travel through the lands of Scripture, discovering familiar Biblical landmarks, such as the possible resting place of Noah's Ark, the remains of the Tower of Babel, the tracks of Moses up to the peak of Mount Sinai. **A Child's Geography: Explore the Holy Land** includes a bonus CD-ROM with reproducible pages.

## Volume 3 Coming Spring 2013!

"I've read through all 275 pages of A Child's Geography: Explore the Holy Land. And this really IS the best geography guidebook I've seen for the K-6th grade set."  
- Holly

## U.S. PRESIDENTS

Brand new book by Joel King...

Come along as we journey back through time and get acquainted with our nation's presidents, from General George Washington to our current Commander-in-Chief, Barack Obama. Find out about the events that propelled these men into the highest office of the United States of America and what remarkable and memorable deeds marked each of their presidencies. This scrapbook of America's presidents documents humble beginnings, historic triumphs, stirring speeches, heroic attempts, utter disasters and strange coincidences - did you know that 2 former presidents died on America's 50th birthday? Walk through 225 years of United States history through the eyes of our presidents. And when you are finished and think that you have learned all that you can, try your hand at the President Quizzes to find out how much you really know!

## Tapestry of Grace MapAids CDs

Using Tapestry of Grace? Knowledge Quest and Tapestry of Grace have joined together to produce MapAids - map CD-ROMs customized especially for the Tapestry curriculum. All four CDs are now available.

What makes these CDs so special? Well, they are organized by Tapestry of Grace weeks as set up in their year plan guides. There is a teacher's map, which is the answer key. And then there are maps for the grammar stage student, the dialectic and rhetoric stage students and an overlay map so your student can produce a transparency map notebook.

Purchase these CDs right here or at the Tapestry of Grace website: [www.tapestryofgrace.com](http://www.tapestryofgrace.com). These CDs are not standalone products, but must accompany the Tapestry of Grace curriculum. [Samples available online](#)

### What folks are saying...

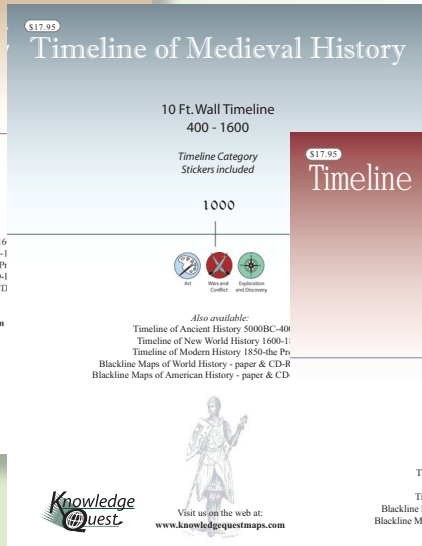

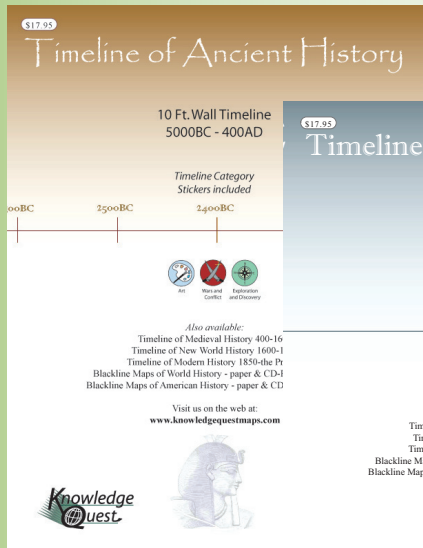

"These maps are gorgeous! I just love the clarity. This is a resource that is so valuable to us teachers, especially for the upper levels which really become difficult to teach. When our family cycles back through Tapestry of Grace at these higher levels, having the teacher maps with answers will be so helpful!" - **Jean**

"Fantastic job! These maps will be a tremendous help to moms. I am looking forward to this additional tool with our Tapestry program!" - **Pam**

## Introducing... Time Trek!

In partnership with TimeMaps Ltd of the United Kingdom, we are pleased to make available to you Time Trek - Maps that Move through Time! The goal of Time Trek is to communicate history in a truly engaging way. Maps are shown in chronological order at the click of a button and progress at your timing, showing how civilizations, countries and continents have changed over time. Available in both CD-ROM or download formats.

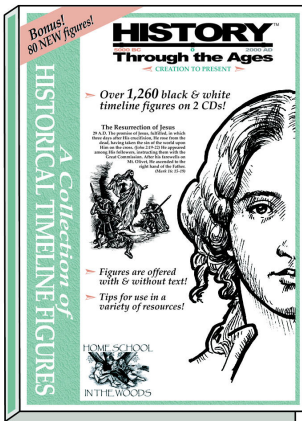

*"These maps are lessons in themselves -- we could literally spend over an hour just clicking through a map and discussing the information presented there. The interactive aspects, such as quizzes, make this so much more of an in-depth history resource than just staring at a plain old map. I have never been disappointed with any resources from Knowledge Quest."*

### **Globalmania: Master World Geography in Just 7 Months**

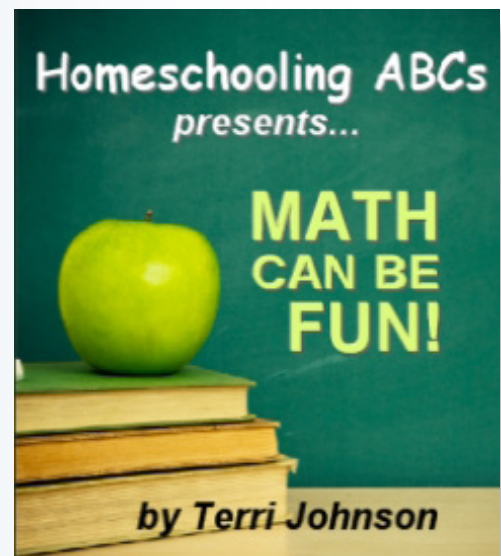

This is my seven month plan that will help you help your students master world and U.S. geography in just seven months. Follow this step-by-step program and take my challenge over the course of the next seven month time period. If your students have not drastically improved in their knowledge of geography, please write to me and tell me that I am off my rocker and that it doesn't work. On the contrary, if you do see dramatic improvement, even mastery, in geography, let me know that also. I would like to celebrate with you in this wonderful accomplishment! Here's my email address - [terri@knowledgequestmaps.com](mailto:terri@knowledgequestmaps.com).

### **Math Can Be Fun!**

Many times, the subject of math can cause some real struggles for our children. I will admit that we have shed many tears over our math books. BUT THIS DOES NOT HAVE TO BE!! Yes, new math concepts can be hard to learn, but when we make math fun, it brings laughs instead of tears. This mini-ebook (just 21 pages) will help you to see math in a whole new way and give you that burst of inspiration for teaching new math concepts.

This ebook is just one lesson pulled from our Homeschooling ABCs online class for homeschool parents. See next page for details...

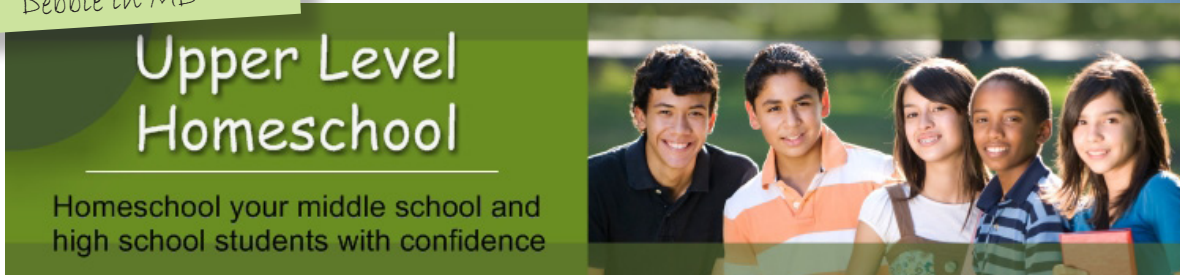

# HOMESCHOOLING CLASSES

I was sold after the first class! Thanks for showing us how to start and stay going. We are excited with Homeschooling ABCs and feel comfortable knowing someone cares about our homeschooling experience being a success. All the planning is already done and we really like the freebies and weekly schedule that make each lesson personal and fun!  
Debbie in MD

Join our Homeschooling ABCs class and get 26 weeks of step-by-step instruction - all the basics of homeschooling from A to Z - delivered straight to your email box!

Our course will help you to start with confidence and make this year a wonderfully memorable event for your family! Homeschooling is a great educational choice for your children, but if you are just getting started, you may have more questions than you have answers. And perhaps a lot of enthusiasm, but not a lot of direction. But that can change starting today... [www.HomeschoolingABCs.com](http://www.HomeschoolingABCs.com).

When you join our Upper Level Homeschool class, you will receive an email each week for 13 weeks that will discuss an important aspect of homeschooling your high schooler, give you food for thought and action steps to complete. You will receive expert advice, guidance and insight that will give you the courage to step into these unfamiliar waters, only to find out that the current is neither so swift nor the gulf so wide as to be crossed easily and successfully by you and your teen! Find out more here - [www.UpperLevelHomeschool.com](http://www.UpperLevelHomeschool.com).

Wow! There is an absolute wealth of information presented here. I cannot tell you how helpful this class is for me. Now, I feel like we have direction and are heading in the right track. Thank you for putting this class together for us!

Jen

# MOBILE APPS

Mobile apps make learning fun!

Would you like to use your mobile device for educational purposes? Are you tired of finding that your children have downloaded yet another silly app that is nothing more than mind fluff?

Knowledge Quest began creating mobile tools and resources that parents use to further their children's education in a quickly changing and dynamic world. Homeschoolers are looking for quality educational apps to take with them as they conduct school "on the go" and also in the comfort of their homes.

Education as we know it is on the brink of exciting change and we want to be a part of making it the best that it can be.

We have 9 apps available in the App Store as of this writing, including:

- Map Trek
- Wonders of Old
- Timeline Builder
- KQ TimeTraveler
- Medieval Life
- and more!
